Re: CC Docket No. 02-35

Dear Mr. Caton:

The following information is being filed in the docket of the above-referenced proceeding in response to a request from the Commission staff.

In a meeting on March 13, 2002, Marvin Sacks of the Common Carrier Bureau requested that BellSouth provide information on the charges it has proposed in the current UNE docket pending before the Georgia Public Services Commission. On February 19, BellSouth filed the following proposed rates in that proceeding:

ADUF, message processing per message	\$ .001848
ADUF, data transmission, per message	\$ .00013157
ODUF, recording, per message	\$ .0000087
ODUF, message processing per message	\$ .002495
ODUF, message processing, per mag tape	\$35.75
ODUF, data transmission, per message	\$ .00010965
EODUF, message processing, per message	\$ .235615

As further requested by the staff, BellSouth clarifies that the EODUF rates in the current Georgia SGAT are not subject to true-up based on the current state proceeding since BellSouth is proposing to increase those rates. The ADUF and ODUF rates in the current SGAT are subject to true-up.

Please let me know if you have further questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Glenn T. Reynolds", is written over a light blue rectangular background.

Glenn T. Reynolds
